Fish Kill In Lakes Arouses Interest In Algae Problem

Hot weather, low water, algae bloom—these are some of the possible causes being considered as the reason for the recent heavy fish kill in several of the Chain O' Lakes.

Fox Lake and Petite Lake seem to be the hardest hit, with hundreds of dead fish floating the shore line.

The excessive algae bloom is known to be promoted by the increased fertility of the water. The fertility of the water is increased by a number of factors. The big-

gest offender is the effluent from sewage plants, harmless in itself but adding nutrients to the water on which the algae thrive. Surface drainage from pastures, fertilized farm fields and lawns, waste from industries, all promote the growth of algae.

When the algae die, their decomposition removes oxygen from the water. Lack of oxygen in the water is one cause of fish kill. The rotting algae also causes sores on swimmers. The stench from the rotting weeds has long been a source of annoyance to residents on lake and channel shores.

Tests are being made by biologists from the State Conservation Dept. to determine the cause of the present fish kill.

The Northern Ill. Conservation Club has been concerned over the increase of algae growth in the lakes for some time, as have various subdivision federations. Richard Waters, president of the Conservation Club, made an educated guess that the fish kill is caused by a combination of circumstances, all having to do with increased population of the area and increased use of the lakes.

Excessive algae, excessive die-off of the algae caused by hot weather, oil slick on the lakes from motor boats (shutting out oxygen), were all cited as possible contributing factors.

Mrs. Edward Caulfield of Lake Marie said that their subdivision had a portion of that lake sprayed about two weeks ago to kill the weeds. She reported that as of this week the algae had entirely disappeared. The objection to weed-spraying, it has been pointed out by those who have studied the problem, is that it must be done several times through the summer, and is extremely expensive.

The Lakes and Streams survey, published by the Lake County Health Dept. in 1962, prophesied an increase of this sort of thing unless a broad and definite program is instituted soon in the lake

region. A quote from the introduction reads, "It is well-known that lakes do not persist forever as permanent marks on the landscape. . . they change continually—mature, grow old, and eventually, change to dry land. As aging progresses, deep, infertile lakes accumulate sediments and nutrients, become shallower, more fertile and productive. . . Periodically they may have excessive quantities of algae as a sign that the wheels of the aging process are fully in motion."

At the algae bloom stage, people are concerned because of the immediate unpleasantness of algae that interferes with water resource enjoyment and not because this is a milestone in the progressive extinction of the lake.

"There is evidence in Lake County of eutrophication. . . Whether or not this develops into a serious problem will be determined by Lake County's long range planning, and determined efforts to preserve its waters from pollution."

"If pollution is left unabated, and if additional loads of sewage—even treated, sewage—are discharged into our streams and lakes . . . Lake County can look forward to serious consequences."

Mrs. Williams also has a son, Jetty.

The office of the State's Attorney of Lake County has embarked on a vigorous campaign to collect delinquent personal property taxes.

Assistant State's Attorney Alex T. Rafferty said that several executions of judgment had been sent to the office of Sheriff Charles Larson Wednesday morning. He could not be sure, he said, when the sheriff would start execution of the judgments, but presumed he would start Wednesday or Thursday.

Personal property will be seized to satisfy the claims for taxes, Rafferty said. If sale of the personal property does not amount to enough to satisfy the claim, a lien will be put against real estate.

Methods used in enforcing the execution of judgment will be up to the sheriff, Rafferty said. Legally, he said, he could seize personal property, such as a car, if a person were not at home when the sheriff's men called. However, the executions are in duplicate, and one would be left or given to the taxpayer.

How can you avoid seizure of personal property if you

owe delinquent taxes? Simply by paying, Rafferty said. The deputies will be glad to accept payment of the claim rather than seize property, he said. The object of the campaign, he pointed out, is to collect delinquent taxes, not seize property.

Should the taxes not be paid, court costs for filing suit against the taxpayer and costs for the sheriff's office enforcing the execution will be added to the delinquent tax.

Execution orders now being sent to the sheriff's office are for delinquent taxes prior to 1962. All persons against whom he has secured judgments, Rafferty said, have been previously notified that their delinquent tax must be paid within 20 days or suit would be filed. They have also been notified of the filing of the suit.

The Antioch Township Republican Men's Club completed organizational plans for the golf outing and dinner party honoring Sheriff Charles E. Larson, at the George Diamond Country Club, October 2nd.

At a recent (July 10th) meeting held at Bud Holtz Blarney Island, working committees were set up and included:

Herb Horton—Speakers table
Jim Fields, Bud Zeason, —Golf Starters.
Bud Zeason, Chuck Larson, Harry H. Stern—Prizes

Loren Sexauer—Tickets
Bill Brook, Jim Olson, Harry Stern—Publicity
Agnes Van Patten—Arrangements

Scores of prizes will be awarded for winning golf scores, day long amusements will be provided for non-golfers in the beautiful club house, with dinner, entertainment and dancing for all, in the evening. The number of tickets are limited to the capacity of the George Diamond Country Club and officials expect a complete sell-out long before the affair takes place.

Dr. W. C. Petty, General Chairman of the Drive, said, "The Kick-off is the signal for over 1,000 volunteers to begin a door-to-door campaign, covering more than 20,000 families in the Northwest Lake County Community, consisting of the four townships of Antioch, Avon, Grant and Lake Villa. The appeal will also be presented to the thousands of summer vacation residents, many of whom are from Chicago and the suburbs. The Campaign seeks to secure a minimum goal of \$750,000.00 to build a modern, 56 bed hospital."

Congressman Robert McClory, in his address at the Kick-off ceremonies said, in part, "The hospital is one institution more than any other which is developed out of pure concern for others. There is no monetary profit to be found in its operation. Indeed, extensive volunteer service must be combined with the professional skill and assistance of the many who serve its needs both day and night. The inherent and characteristic energy and initiative of our nation and its people are evidenced most generously in the local organization and promotion of a hospital improvement."

Mr. McClory went on to say, "How fitting it is that the human effort in which we join today is recognized for its divine purpose and its spiritual relationship. No more fitting motto could be adopted than that which adorns your letterhead—'The surgeon mends; only God heals.' . . . I shall support your important work and I shall be working and praying for your success."

MAXWELL ST. DAYS
The Board of Directors of the Antioch Chamber of Commerce announced committee appointments for Maxwell St. Days after their board meeting Tuesday night.
Maxwell St. Days are scheduled for the first part of August. Exact dates will be announced next week, after the committee meet.

Found Not Guilty Of Murder

Mrs. Bernice Williams, McHenry, former Antioch resident, was found not guilty by reason of insanity in the fatal shooting of her husband, Harold.

The verdict was returned in McHenry County Circuit court by a jury of 11 women and one man. The verdict frees Mrs. Williams.

Mrs. Williams testified that her husband was often drunk and abusive and often beat her. The night that she killed him, she said, he was drunk and went to sleep at the kitchen table. About 3 a.m., he awoke, turned the heat thermostat up as high as it would go and turned the hi-fi set on full blast.

When she protested about the noise, she said, he came at her and she shot him.

Her daughter, Judy, 14, helped her put the body in the car, she said. She they drove the car to Barreville Road and abandoned it, where deputies later found it.

The Williams' lived at the Kirschmeyer apartments in Antioch before moving to McHenry. Edward LaFlamme, manager of the apartments, testified at the trial. He was questioned as to her conduct while she was a resident of the apartments.

Mrs. Williams also has a son, Jetty.

Five people were dead and several injured after a rash of accidents in the area over the weekend.

James Alan Plodela, 21, of Chicago, died in Kenosha Hospital Sunday at 5:45 p.m. after his Corvette left the road near St. Benedict Abbey and rolled over several times.

The accident was discovered by Chief Investigator William P. Schmitt of the Kenosha County sheriff's department, at 224th Ave., and 125th St., near Lake Shangri-La. Plodela had been thrown about 200 feet from his car. Taken to the hospital by a squad car, Plodela died shortly afterward of a skull fracture.

Saturday, Edward Summers, 19, of Island Lake, and Edmond Bean, 23, of Venetian Village, died when their cars collided head-on on Route 12, south of Route 134. The accident occurred when Bean passed the car of Harley Jenevein on a hill. Jenevein and five passengers in the two cars were injured, and taken to McHenry Hospital.

The other five injured were Ralph Gosselin, 18, Wauconda, in Summers' car; Bean's wife, Carol Ann, 20; Billy Joe Bean, 18, Lake Villa; Marvin Sout, 29, Loon Lake Road, and Royce Cherry, Round Lake.

John Drennen of Waukegan was killed and four persons were injured in an accident at O'Plaine Road in Grange.

Triggers Door-To-Door Fund-Raising Campaign

Sunday's Kick-off of the Countryside Hospital Campaign Fund signalled the start of a door-to-door campaign to raise \$750,000.00 to finance construction of a hospital which will serve residents of Northwest Lake County.

An afternoon of special events at Lehmann Park in Lake Villa, attended by about 1,200 persons, launched the campaign. Opening with a mock hold-up of the Lake Villa Bank by mounted

Batz of Libertyville north of Libertyville on Route 21. Mr. Lindberg and Batz were seriously injured and taken to Condell Memorial Hospital.

Andrew A. Anderson, 27, of Loon Lake, was taken to the Antioch Clinic Saturday after his car smashed into a utility pole on Wilmot road west of Lake Avenue. Anderson was injured.

The public is invited to attend, and artists to participate in the "Angel's Annual Art Fair," to be held August 9 and 10 in cooperation with the "Countryside Hospital Benefit Drive."

Entrance fee of \$5.00 will go towards first through fourth place cash prizes. Several of the art exhibits from the Fair will be purchased by the Hospital and placed in the new building. The artist must be present with his exhibit to receive these prizes.

All proceeds from admissions will be donated to the building fund for the Hospital.

There is ample parking area, and display space in the landscaped patio, and adjoining four acres of grassy property.

For the participating artists there will be free entertainment after each showing. A "hootenanny" will be held at 8 p.m., and free dancing in the enclosed patio.

Got Any Questions?

The Countryside Hospital Fund Drive started off with the kick-off ceremonies at Lehmann Park in Lake Villa last Sunday. Before long, someone should be knocking on your door to ask for a contribution or pledge to help finance the project.

There isn't any doubt that we'd all like to see another hospital in the area, and that we'll be glad to see one built that's closer to home. There also isn't any doubt that it's going to have to have the financial support of the average man if the plans are going to become reality.

No matter how generous businesses or large individual donors may be, it can't add up to enough to erect as expensive a construction as a hospital. Success or failure of the drive is going to depend on how many of the "little guys" can be convinced that the hospital will be worth their investment in benefit to them.

Judging from some of the questions we've had posed to us recently, we suspect there are quite a few prospective contributors who have some questions they'd like to see answered.

For this reason, we're starting a question and answer column in regard to the Hospital and its building fund. If you have questions that you'd like to see answered, write or phone them in to us (395-4111). We'll pass them on to officials of the Hospital Fund, and they'll be answered by whichever member of the committee has the information you want. The questions and answers will be printed on the Editorial Page of The Antioch News, as soon as we have the answers.

So if you have any questions — or doubts — write or phone them in. Others will probably be glad to get the same information. And we'll try to get the answers for you.

Danger To Eyes In Eclipse

Rather amazingly, in spite of the wide publicity that has been given the danger in viewing the coming eclipse of the sun, a great many people seem not to have heard about it.

Parents, particularly, will have to be on the alert for those few hours this Saturday (July 20). It's doubtful if any child, no matter how forceful a parent's instructions, could resist the urge to watch the eclipse. And if he's outside playing at the time, and is either unaware of the coming phenomenon, or has forgotten it, he's very likely to look up at the sun, either because his curiosity is aroused by the sudden gloom, or for some other reason.

Parents have two courses open to them. They can either help the kids make a sunscope, according to directions contained in an article elsewhere in this paper, and supervise their children's use of them. Or they can see to it that the kids are safely inside and occupied in other ways between 3:26 p.m. and 4:39 p.m., Central Daylight time, on Saturday, July 20.

Your children's sight—as well as your own—is at stake this Saturday. Plan your day to avoid exposure to the danger of becoming blind.

Along The Way

with ANNIE MAE

While we Americans smugly shake our proud heads at the fortune-teller scandal and all of its implications in England, we quickly turn a deaf ear to our own local sex exposure. A recent local daily newspaper carried an ad on its entertainment page that read: "Hard to get the sexiest! Not one but 3 of Bardot's best films! Come early, free candy to the children!" Have we honestly become so blinded by "theatrics" that we would "feed" our children on this menu? Surely even the most broad minded of us would not condone such insults to our moral integrity?

We as adults and parents can at least make an attempt to put sex discreetly back into a love and marriage package that glitters with its own wholesome appeal.

THE LATEST REPORT: Whoo-to-do my tummy is still doing flip-flops after viewing that air-show at Lehmann Park Sun. Everybody who is somebody (and some of us who aren't) was there. Noticed that platform was so full of dignitaries one would almost have thought it was a political campaign.

Stephanie Sultin presented a "pretty picture" in that charming white hat. Dr. Petty had a captive audience as he spoke, all of his grandchildren were there. By the way, wasn't there one Mayor missing? Pearl Scully and her Irish wit, has sent me this poetical bit: Your sleuthing's slipping, dear ole' girl, Suggest you turn to knit and purl.

Been checking prints? Ours aren't on file. Pluggin' family not quite our style—

We've left "scouting" years behind So your surmise is out of line. Could be hi-jinks of a leprechaun

But we'll take that how—and so will Ron: Mr. and Mrs. Anthony Scully

Sorry folks, I missed my clue. Knitting needles "throw" me too!

That Irish elf may be playing games. To help confuse those names. If another D. J. is on the show.

Ron Riley is the only one I know!

The Invitational Grand Opening of the Savings and Loan Sunday was a popular place and the new Civic meeting room was the most popular of all. They even gave a 4 1/2% interest in their cocktails! Peculiarly all of the dignitaries at Lehmann Park had to settle off in different directions, none of which included Antioch. Same politico missing at this affair!

Appearances are deceiving. A dollar looks the same as it did ten years ago.

By the Rev. Fr. Edmond E. Hood

A fanatic is an individual who does what the Lord would do, if only he knew the facts in the case. If money could be borrowed as easily as trouble, the world would be full of round-shouldered people.

Trials never weaken us. They only show us that we are weak.

Whether we get to heaven or not is to be decided by what we love, not by what we know.

Courthouse Notebook

BY LOU DURKIN

The appearance of the members of Lake County's judiciary at the county board meeting last week points up the lack of communication between the various county departments, a lack which frequently adds considerably to the cost of doing government in Lake County.

The judges and attorneys in their zealous quest for a fourth judge for the 19th Judicial Circuit apparently gave no thought to facilities for the new jurist assuming apparently that "something" could be done to provide space for the new courtroom made necessary by the addition of a judge.

The county board, on the other hand, apparently unaware of the need for additional court facilities, recently purchased new microphones for each supervisor's desk and installed a new air filtering system to eliminate some of the smog in the supervisors' room produced by smoldering cigars and foggy speeches.

The judges undoubtedly would like to have the supervisors' meeting room as the new courtroom, but they are going to meet considerable resistance from those board members who are jealous of their rights and responsibilities.

The need for more space in the county building is not a new development, but decision making is becoming more difficult because of an understandable reluctance to spend more money renovating the old building while construction is under way on a new building.

As a suggestion perhaps the fifth floor law library could be converted into a courtroom and the law books put into storage until new facilities are available in the new building.

Such a course may not be ideal, but then no solution is going to be more than a stop gap measure.

Waukegan Assistant Supervisor John Balen got caught up in the steamroller again last week when a motion to adjourn was read by Louis Andracki while his fellow supervisor was still trying to get some information.

Balen has been an outspoken critic of the new courthouse complex and was seeking a legal opinion from the board's adviser as to his rights to see the plans and records of the County Building Commission which is in charge of the new construction.

Supervisor August Cepon, chairman of the building commission and head of the Waukegan delegation to the board, attacked Balen as a man with a chip on his shoulder and said he refused to be harassed by the Democratic supervisor.

Balen, who never hesitates to speak his mind on any subject on the floor of the board, was not too surprised when the board adjourned before he got his information.

The brooding supervisor has minimized his effectiveness as a member of the opposition by automatic opposition to virtually anything proposed by the board leaders instead of concentrating his attacks on selected targets.

Watch for some real fireworks at the next meeting of the board when reportedly a resolution to earmark all county sales tax money for the public works department is slated for presentation.

Proponents of the public works department which is supposed to coordinate sewage disposal and water supply planning on a regional basis rather than a subdivision or neighborhood basis, will no doubt argue that earmarking of the sales tax money does not constitute a new tax for the department.

Opponents of the plans department will undoubtedly recall promises and arguments advanced in preliminary skirmishing before establishment of the public works department.

Last year the county collected \$102,071.46 in sales tax for retail sales in unincorporated areas of the county with the money going into the general corporate fund.

If this amount is diverted to the public works department it means the original concept of the office as a coordinating agency is being exceeded.

3-Act Comedy "Everybody Loves Opal"

In the mood for some good laughs and an evening of light entertainment? Maybe "Everybody Loves Opal" is just what you're looking for. That's the name of the play being presented at the Antioch High School on Wednesday, Thursday, Friday and Saturday, July 17, 18, 19 and 20.

The play is a rollicking comedy that relates the adventures of three would-be criminals whose plans never quite work out. The three start out with a con game involving a cheap perfume and progress to murder-by-insurance. Their intended victim, Opal, is a trusting soul with a blind faith in the good intentions of her fellow humans.

All of the devious murder schemes of the three would-be criminals end in rib-tickling failure. The play progresses to a happy and hilarious end when the "Criminals" become so fond of their intended victim that they abandon their schemes.

The three-act murder-comedy is sponsored by the Antioch Community High School P.T.A., with proceeds going to the scholarship fund. Curtain time is 8:30 p.m. The play will be presented at the open-air Star Lite Theatre at the High School, weather permitting. In case of bad weather, the play will be presented inside the school.

Acoustics for the Star Lite Theatre are excellent, according to Kenneth Smouse. He adds a warning that seats may be unavailable Friday and Saturday nights, as the Star Lite Theatre only accommodates about 250 persons.

Tickets are available at King's Drug Store in Antioch. They must be purchased for the evening on which you plan to attend.

Antioch News,

Dear Sirs:

I am sending my check for your paper for one more year.

A Somerville has been getting your paper for over 60 years. I came to Antioch with my father and mother in 1902 from Highland Park, Ill. I saw the Antioch Fire Dept. grow.

Lotus and I like it out here in Tucson, population over 200,000, elevation 2,423, rain 10.36 inches per year. Just had 69 days no rain—just had a nice rain.

Cotton is a big thing out here—885,000 bales a year. Alfalfa, dates, grapefruit, lemons, limes, olives, oranges, cantaloupes, watermelons—you name it for it grows

out here. Kids—we have them too, big, big schools. How many papers do you send to Arizona? I know of three.

Yes, we have a Zip Code out here, 85716. Lotus and I send our best to you and all our friends in Antioch.

I am as ever, T. Earle Somerville 2715 East 6th St. Tucson, Ariz. 85716

There's still a crisis in Berlin. And it figures! When you mix vodka and beer, what can you expect? ... And now the government wants the two Germans to talk to each other. Can't you hear the moderator, "Will the real Germany please stand up?"

Yes, we have a Zip Code out here, 85716. Lotus and I send our best to you and all our friends in Antioch.

I am as ever, T. Earle Somerville 2715 East 6th St. Tucson, Ariz. 85716

Your Governor Reports by OTTO KERNER

One of the administration successes in the recent General Assembly was to return a free, open and competitive market in the area of cigarette sales.

The success was in the form of legislation that would change a rebate on the tax given distributors for the cost of printing or affixing tax stamps from an across-the-board 5% to a sliding scale dependent on the amount of tax paid.

The regulation allowing the tax credit was meant solely to reimburse the distributor for the cost of compliance with the law. It was not meant as a tool of competition, a means of making money.

However, a few giant distributors have been able to sell their product cheaper than smaller competitors because they are able to imprint or affix stamps at a cost less than the allowance provided them by the state. This is clearly contrary to the intent of the law and our system of free enterprise.

Our answer was the sliding tax credit scale. Senate Bills 940 and 941, as approved by the General Assembly, make the discount 5 per cent on the first \$700,000 of tax paid; 4 per cent on the next \$700,000; 3 per cent on the third \$700,000, and 2 per cent thereafter.

In effect, the change precludes anyone from using the state regulation as a competitive tool to frustrate the free market.

This legislation is indicative of the many important measures that this administration supported during the recent legislative session—because of the flood of more prominent measures, are nonetheless important to the people of Illinois and the business community.

MRS. JOHN WAGNER presents a Certificate of Appreciation to Pearl Kapell of The Antioch News, for the Newspaper's aid in publishing the drive.

Awards For Success Of Heart Drive

The Heart Fund Drive, held this spring, went over the top so resoundingly in the Antioch area that several Certificates of Appreciation were issued by the Chicago and National Heart Fund Associations to local officers of the drive and the Antioch News.

The final figure of the amount of the Heart Drive collection in Antioch was \$1742.00, 300% over the quota. For her outstanding work, Mrs. John Wagner, chairman, received a special certificate of appreciation from the Chicago Heart Fund Association.

Also recognized for their outstanding contributions to the success of the drive were Mrs. Donald Purdy, publicity chairman; Mr. and Mrs. Ralph Gresens, co-chairmen; Mrs. Edmund Vos, special gifts chairman; the State Bank of Antioch, for handling collections; Mrs. Norman Jedeck, secretary; and Mrs. Edward Jahnoke, secretary. All re-

ceived certificates of appreciation.

The Antioch News was one of two newspapers in Lake County receiving the certificate of appreciation. The other was the Highland Park newspaper, where the greatest amount of money was collected. Antioch collected the greatest percentage of its quota.

Cookin'?

By Harry H. Stern

ORDINARY FOLKS CAN'T STAND FISHERMEN. FISHERMEN CAN'T STAND EACH OTHER — THAT'S WHY THEY HAVE TO PAY PEOPLE TO KEEP 'EM COMPANY. THEY CALL 'EM GUIDES.

There's quite a bit of concern about the heavy concentration of algae in the Chain, and also the big fish-kill in the lower lakes, (Pettie, Fox, Nippersink and Pistakee) last week. I counted 105 dead ones on my fifty feet of shore one day, mostly perch. More washed in the next few days. The Department of Conservation doesn't think it was a very large die-off, comparatively (that's a tricky word). The Anderson's to the north of me counted over 300 and the shore all around Fox Lake was covered with 'em. Earl Beese, who runs a marina and fishing camp on Spring Lake Channel phoned me to report dead bass and northern in his area and Ben Shostak reported many dead fish in his lake (Pettie). Many explanations have been put forth by various officials, some of which may or may not be sufficiently factual. It would take a full newspaper page to list all of them, but here are a few facts on the subject.

FACT: Algae grow and thrive on sunlight and certain nutrients which enter the water. Some sources of this nutrient are the output of effluent of village sewage treatment plants; seepage from the drain fields and/or septic tanks of individual homes, into the lakes; fertilizers applied to lawns and gardens and farms which find their way into streams and then into the lakes; the "waste" of farm animals ditto.

FACT: Algae are harmless plants, and while alive give off oxygen, much the same as water weeds do. When they die and decompose, and if there was a heavy concentration of them, the process uses up the free oxygen in the water, causing the fish in the area(s) to suffocate. At this stage they give off certain toxins, and this may be the reason why some children who swim in it develop infections around the mouth and in the ears. It could be that these kids are sensitive to these toxins (somewhat like allergic people) and react accordingly. It is my studied opinion that these toxins may be responsible for the fish-kill, along with the oxygen shortage and perhaps some other as yet unexplained or unknown factors.

FACT: splanizomenon is the name of the villain that is presently so profuse in the Chain. It looks like a thin thread, smells like hay and is a bright green color when alive and growing. It turns from a blue-green to ice blue

color when it dies and stinks to high heaven. This brand of algae is one of the more obnoxious kind, for these reason.

FACT—there was a big die-off of algae all around the Indian Point area (other areas too, but here I was able to observe more carefully) the latter part of June, but no fish kill then. There was no apparent die-off of algae in our area when this last fish-kill occurred. In fact one biologist was out here Saturday to make some water chemistry tests and confirmed that the algae was indeed very much alive (it appears we are having a continuous production of 'em) and the oxygen content of the water was indeed high (forty feet off-shore in front of my place) for this time of year.

FACT — an algae-caused fish kill will begin around 3 a.m. because at that time the plant has gone without sunlight for the longest period and so are dying off fastest then, along with the attendant depletion of oxygen due to decomposition. If you were to be out on the water at that time you would see the fish at the surface, gasping for air, similar to minnows in a bucket of water, in which the water became too warm and the oxygen depleted (said the expert). But the catch there is, how are you going to see them doing this in the dark?

My very good friend, Father Bammann, who is one of the big service brains up at the Evinrude factory dropped me a line about checking my boat and trailer before taking off on a trip. Since I'd sold my big rig some time ago, the information is no longer pertinent to me. I'm passing it along for those of you who will find it informative and useful.

Before you leave home:

1. Visually check trailer tires to see that they are properly inflated.
2. Make sure the hitch and safety chains are secured.
3. Be sure the trailer lights are connected and working.
4. Make sure the boat is tied down and resting on the trailer properly.
5. Check to make sure the drain plug is inserted in the boat.
6. Check your fuel supply. On long trailering trips, it's better to travel with the tanks empty and to take on fuel when you reach your destination.
7. Make sure you have all the equipment you will need. This includes required items as well as those you will use for fishing, water skiing, etc.
8. Have your boat registration papers with you or in the boat.

When you are ready to launch:

1. Check the drain plug again. This is easy to forget.
2. Remove the tie-downs before the trailer is backed into the water.
3. Attach a line to the boat before shoving it off the trailer.
4. When the boat is in the water:
1. Before starting the engine, check to make sure the fuel line is not kinked or being pinched.
2. Check the steering system.
3. Be sure running lights are working properly if you'll be boating after dark.

SCHILLING AFB, Kan.—Cadet Steven T. Kappel of Waukegan, Ill., is participating in the Air Force Reserve Officer Training Corps (AF-ROTC) summer encampment here.

Cadet Kappel, son of Ivar L. Kappel of 2011 Waverly Pl., Waukegan, is observing and taking an active part in various phases of base operation during the encampment period.

A member of the AFROTC program at Drake University, Des Moines, Iowa, he will be eligible for appointment as an Air Force second lieutenant upon graduation from college.

The cadet's mother, Mrs. Kay Sage, resides on Rt. 1, Lake Villa, Ill. He is a member of Sigma Alpha Epsilon.

AMARILLO AFB, Tex.—Airman Third Class Thomas J. Foster of 2527 W. 33rd, Zion, Ill., has completed the United States Air Force technical training course for inventory specialists here.

Airman Foster was trained to order and account for supplies and equipment through the use of punched card accounting machines and electronic data processing equipment. He is being reassigned to a permanent base for duty in his new specialty.

The airman, son of Mr. and Mrs. Larry Foster of Rt. 1, Lake Villa, Ill., is a former student at Grayslake High School.

Order of Rainbow

The Antioch Assembly, Order of Rainbow for Girls, will entertain friends at their regular meeting on Monday, July 22, at 7:30 p.m., at Wesley Hall, Methodist Church, in Antioch.

Marge Gillum, Worthy Advisor, will have a guest for the evening, Teddy Spearman, Worthy Advisor of Radiant Assembly, Waukegan. These girls will preside over the entire meeting.

Other officers will also have guests filling their stations and doing the work of the assembly. Mrs. Margaret Uhler, Mother Advisor, Woodstock, assembly, will be Mrs. Wilma Gigg's guest.

Guest Soloist will be Edie Jones, P.W.A. of Lake Forest Assembly and musician for the evening will be Mrs. Mabel Weber, Worthy Matron of the Order of Eastern Star.

Mrs. Robert Lindblad, Mrs. Alfred Bloom, Mrs. Mildred Gillum, and Mrs. E. Gordon will have charge of the dining room and refreshments. All officers taking part will dress in formals. Antioch Assembly will honor Harriet Wells, Grand Worthy Associate Advisor, State of Illinois, at a reception on the same evening.

Mr. and Mrs. Donald Gibbs accompanied Harriet Wells, Roselle Barnstable, Juanita Gillum and Jeannine Dow to a reception honoring Helen Dayle Palmer, Grand Worthy Advisor, State of Illinois, at Galesburg, Ill., on Saturday night. The affair was well attended with about 300 guests from all over the state. Many of Helen Dayle Palmer's grand officers and grand representatives attended the reception. A talk was given by Helen explaining her theme for the year. Her flower will be "God's Garden of Flowers." Motto will be "With God's Hand in Mine," and her color is yellow.

Local Students at Lake Forest College

Students from 18 states and the District of Columbia are enrolled in the 1963 Summer Session at Lake Forest College. The enrollment of 349 is an increase of 15 over 1962, according to the Office of the Registrar.

Among those enrolled are three from Antioch and one from Lake Villa. They include Margaret Walsh (Mrs. Frank) of Antioch, who is taking a Spanish course.

4-H Show To Be Held This Week

The public is invited to attend the Home Economics Club Contests and Shows held this week.

On Thursday, July 18, beginning at 9 a.m., the girls enrolled in "You Make Your Own Clothes" will wear the garments they have made with proper accessories and appear before the judges who will give them constructive criticism. An Honor Group will be selected from which 9 girls will serve as delegates to the Clothing Classes at State Fair.

This contest takes place at the Fairgrounds Auditorium, as did the Food Demonstration contest on Tuesday, and the Beginning Clothing Project, "You Learn to Sew," on Wednesday.

The evening of Thursday, July 18, at the new Wauconda High School, will be the event which 4-H'ers look forward to each year, namely—the mammoth style show in which 400 to 500 girls take part. At that time the winners and Grand Champion are announced.

On Wednesday, July 24, the 4-H Building at the Fairgrounds will become completely decorated with booths and exhibits portraying the work the club girls have learned this year.

After judging is completed food exhibits will be on sale beginning at 2 p.m. It is anticipated that these delicious homemade cookies, cakes, pies and other foods will be in great demand.

That evening, 18 of the 4-H'ers will entertain the Fair Audience in the Grandstand on the Fairgrounds with a Talent Show.

Christian Science Speaker on Air

A Christian Science message entitled "The Only True Success" will be broadcast Sunday, July 28, by the Columbia Broadcasting System radio network on its "Church of the Air" program.

Local broadcast of the program is scheduled for 6:30 a.m. Sunday over station WBBM.

The speaker will be John R. Peterson of Boston, and formerly of Chicago, representing The First Church of Christ, Scientist, in Boston.

On Dean's List

GRINNELL, IA.—Stephen Chandler, son of Mr. and Mrs. Emory H. Chandler of 170 Oakwood Dr., Antioch, was named to the Dean's list at Grinnell College, for outstanding academic achievement during the second semester.

Mrs. Prichard will spend the summer with her sister.

VACATIONERS RETURN

Mr. and Mrs. Arthur Andersen have returned from a two weeks trip to the west during which they made stops at the Black Hills, Billings and Salt Lake City and other points of interest.

Marilyn Van Derbur

Miss America To Crown Fair Queen

Marilyn Van Derbur, former Miss America who appears on TV commercials for the Bell Telephone Hour, will make special appearances Thursday, July 25 at the Lake County Fair in Grayslake.

Miss Van Derbur will crown the queen of the Fair at 8:30 p.m. From 7:00 to 8:00 p.m. that evening she will talk with and distribute free souvenirs to visitors at Illinois Bell Telephone Company's booth on the fairgrounds, Routes 45 and 120.

"Many people in this area have seen Marilyn on the Bell Telephone Hour," said R. C. Miller, Illinois Bell Telephone manager. "Now they'll have a chance to see and talk with her in person."

Miss Van Derbur, born in Denver, Colo., is now a New York City resident. She was proclaimed Miss America in 1958 at the annual Atlantic City Pageant and won the Pagan's talent competition playing a musical rendition on the organ.

Her first beauty title was as High School May Queen in 1955. She successfully held the titles of Miss Seventeen of Denver, Miss University of Colorado and Miss Colorado.

4-H Winners At Central

Eighty-seven 4-H members participated in the county-wide demonstration contest at Central High School Tuesday, June 11. Individual and team demonstrations provide 4-H members the experience of making a public presentation on some phase of their project work. The member shows and tells his audience a specific skill or technique related to his project work. At the same time, demonstrations teach members to organize and plan their work; develop poise and confidence in public speaking; and to answer questions which might be raised by the audience.

Blue ribbon winners in the 14-and-over age group include: Hazel Dabbs of Star Harmony; Karen Stamm, Lincoln Stars; Carol Jacobson, Slades Corners Lucky Clovers; Sandra Zamal, Trevor Eager Beavers; Donna Richter, Wheatland Willing Workers; Jim Barthel, Salem Pioneers; Tom Winfield, Bristol Challenge; Charles Knigge, Brighton Bombers; and Dennis Jensen, Wheatland Willing Workers.

Junior members, 10-13 years of age, receiving blue ribbons were: Regina Lenz, Wheatland Willing Workers; Sandra Schellinger, Lincoln Stars; Phyllis Willkomm, Lincoln Stars; Jane Vos, Wheatland Willing Workers; Marilyn Kovacevich, Salem Pioneers; Cathy Stuppick, Salem Pioneers; Cathy Kofoed, Salem Pioneers; Diane Scoville, Junior Conservation 4-H Club; Mary Razor, Wheatland Willing Workers; Camille Kach, Wheatland Willing Workers; Diane Kerkman, Wheatland Willing Workers; Jane Kerkman, Wheatland Willing Workers; June Schmidt, Wheatland Willing Workers; a team of Sue Kessler and Lenore Karow, Slades Corners Lucky Clovers; Pamela Mattson, Hillcrest Hustlers; Wally Harrison, Wheatland Willing Workers; Dale Kolmos, River Acres; Jimmy Michaels, Trevor Eager Beavers; and David Ishmael, River Acres.

He was a playful, middle-aged wolf. Seating himself close to a cute little blonde on the bus, he said: "Where have you been all my life?" Coolly she replied, "For the first half of it I wasn't born."

Planning Vacation? Here's Some Helpful Tips

Planning a week-long camping trip? A peaceful vacation at a desolate lake cottage? How about a motor trip through the north woods?

Wherever you go, be sure to pack a medicine kit with your vacation supplies, for one never knows when an accident or illness may strike. Since your medicine kit may well be the only source of medical aid available in an emergency, it should be well equipped.

What should it contain? Here are some suggestions: FIRST AID MATERIALS, such as adhesive bandages, adhesive tape, cotton balls, sterile gauze roll, safety pins, blunt-tipped scissors, tweezers, thermometer and first aid handbook.

MEDICATIONS, such as anti-acid medication for indigestion, antiseptic (mild tincture of iodine), aspirin or similar analgesic, mild laxative or suppositories, sun screening or tanning cream, paregoric or kaolin for diarrhea and burn and bite ointment.

If you're taking a prescription drug, be sure you have enough to last you through your vacation. It also would be wise to carry a copy of the prescription from your doctor.

Blood Bank Exhibit At County Fair

Lake County residents attending the Lake County Fair at Grayslake July 24-28 will have a fine opportunity to learn how they can obtain blood in an emergency at no cost by joining the Jacob Blumberg Memorial Blood Bank, according to John Freeland, M. D., Waukegan, president of the Blood Bank's board of directors.

"The Blood Bank will sponsor an exhibit at the Fair," Dr. Freeland said, "and Lake County residents are invited to stop by and fill in a membership application blank. Attendees will be on hand to answer questions."

Dr. Freeland added that the Blood Bank is operated by the Lake County Medical Society, and that there is no charge for joining. He said that members are asked to provide a pint of blood usually only once every three or four years, and that members and their families can receive blood as needed 30 days after becoming a member.

Any Lake County resident who doesn't get to the Fair can receive membership application blanks by stopping in or writing to the Jacob Blumberg Memorial Blood Bank, 1350 N. Sheridan Rd., Waukegan, Ill., or by telephoning Ontario 2-1899.

Scout News

The Annual Den Chief Conference sponsored by the North Shore Area Council, Boy Scouts of America will take place all day Saturday, August 24, at Camp Dan Beard located east of Wheeling on Portwine Road.

Arthur Ojertsen, 1102 Lake Shore Drive, Fox Lake, general chairman, has recruited men from all sections of the Council to help plan and carry out the Conference which will be held for the first time in the summer out of doors. Previously it has been in November in a gym.

Any Lake County resident who doesn't get to the Fair can receive membership application blanks by stopping in or writing to the Jacob Blumberg Memorial Blood Bank, 1350 N. Sheridan Rd., Waukegan, Ill., or by telephoning Ontario 2-1899.

Mari Anne's CHATTER

Some long time ago, we read an interesting article entitled "Listen to the Drums." We quote: "Each man's drummer is invisible, but his music is strong and compelling. Some march to the rhythm of an obsession, others to the steady banging of ambition, while still others hear only the monotonous routine."

Quite often we get the feeling that people who do not think exactly as we do are eccentric and should be repressed. In our country we have a democracy which is supposed to be non-interfering. As long as people are not doing any positive harm, they should be allowed to follow their own music, even if they aren't doing any particular good. It isn't the hermit who takes to the hills and lives alone who is selfish; the self-centered one is the person who expects everyone to listen to his OWN music.

It might be well for us all to give this matter some thought during these times. Re-read the Constitution and allow every man to step to the music he hears.

Now, at Mari Anne's we hear only the tom-tom of one drum, and that is... sell, sell, sell! Night and day, day and night, there is a yearning, burning desire to sell every summer dress in stock. We sure hope no one tries to repress us!

We are having a SPECIAL SALE; many garments are salesmen's samples, others are taken from regular stock. This we do in order to have all sizes. You will like what you see, washable cottons, dressy sheers for weddings and teas, sportswear for vacation wear, sizes and prices for everyone.

Join the parade of women and march to the sale; the low prices will be sweet music to your ears. Remember the place; it is Mari Anne's in the center of Antioch!

Seyfarth Memorial to Be at Golfview Park

By Bill Ferris

This is it! Starting the 11th of August the best in this part of the country take the field to play and win the Richard Seyfarth Memorial Trophy.

Ki's Tap, winner of last year's award, will have their hands full when they take on 19 different teams from five counties.

Any team can enter this who's who in the 16 inch softball world and so far eight have submitted their bid.

Those challenging Ki's Tap out of Waukegan are as follows: Bimbo's Lounge and Old Bridge out of McHenry; Terrabassi's Wisconsin State champs out of Kenosha; Kenyon Konkrete out of Racine, Wis.; Emerson Buick and Golfview All Stars out of Antioch and Fox Lake, and Whitman & Fry out of Waukegan.

The others to be heard from next week will be from Mundelein, Deerfield, Grayslake and Evanston.

Any information needed as to this classic can be obtained by calling Felix and Jean's Golfview Park, phone 414 Underhill 2-9221. Ask for either Richard Drazewski or Peter Matteoni.

In next week's issue, this reporter will have and publish the complete rosters of the 2 host teams—Emerson Buick and Golfview All Stars.

Bluegill Sets Record

A bluegill caught by Ernest Sullivan, of Marion, is now officially recognized as a state record, the Illinois Department of Conservation has announced.

The fish was 11½ inches long and weighed 2 pounds, 10 ounces—two ounces heavier than the previous record bluegill for Illinois. A 4½ pound bluegill caught in Kona Lake, Ala., in 1950 holds the world's record for this species. Since Illinois has a much shorter growing season than Alabama, it is doubtful that a native bluegill of this size will ever be caught in Illinois.

Sullivan caught his fish on a spinning rod and was using a live worm for bait. It was taken from a small strip mine northwest of Marion.

Two delusions fostered by higher education are that what is taught corresponds with what is learned, and that it will somehow pay off in money.

DEATH NOTICES

EDWARD J. JOSTES

Mr. Edward J. Jostes, 65 years old of 308 Linden Avenue, Bellwood, Ill., passed away Saturday, July 13, at Timber Lake Park on Huntley Lake suddenly from a heart attack. He was born May 20, 1908 in Chicago and had lived in Bellwood for the past 15 years where he operated an insurance agency and income tax service. The Antioch Rescue Squad, the Lake County Police, and a local doctor were summoned at the time of his death. He was removed to the Strang Funeral Home in Antioch and then taken to the Rosewood Funeral Home at 4000 St. Charles Road in Bellwood where services were held. Interment was in Queen of Heaven Cemetery on Wednesday.

JOHN H. "BUD" STANTON

Mr. John H. "Bud" Stanton, 67 years old of 1115 E. Grand Ave., Ingleside, Ill., passed away Wednesday, July 10, at 7 p.m. in Victory Memorial Hospital at Waukegan after a 6 month illness. He was born Dec. 15, 1895, at Ingleside, Ill., and has lived there all his life.

Mr. Stanton held membership in St. Bede's Church, Grant Township Republican Club, and the Waukegan Modern Woodmen of America Lodge. He retired in April, 1961, as a License Investigator under the Secretary of State's office in Springfield, where he had been employed since 1933. Upon his retirement he had been elected Justice of the Peace in District No. 1 of Lake County, which position he was still holding at the time of his death.

He was preceded in death by his wife Eoretta on August 2, 1948, one daughter, Mrs. Harriet Willett on May 21, 1954, his parents, Henry Stanton on May 18, 1925 and Harriet Stratton Stanton on Jan. 20, 1955; two brothers, Martin, on Jan. 1, 1919, and Frank T. on May 21, 1958.

Survivors are one daughter, Mrs. Peter (Dorothy) Kornelle, Ingleside; two brothers, Charles Stanton, Ingleside, and Raymond F. Stanton, Lake Villa; one sister, Mrs. Ben (Maude) Stickles, Libertyville; and two grandchildren, John Willett, Lackland Air Force Base at San Antonio, Texas, and Miss Susan Willett, North Lake, Ill.

A rosary was recited at Strang Funeral Home at 8:30 p.m. Friday. Funeral services were held at 9:15 a.m. Saturday from the Funeral Home to St. Bede's Catholic Church at Ingleside at 10 a.m., where a requiem mass was held and interment followed in St. Bede's Cemetery. Pallbearers were license investigators from the Secretary of State's office in uniform.

EDNA H. MEDDOWCROFT

Mrs. Edna H. Meddowcroft, 85 years old, of 27 Atwater Park, Fox Lake, Ill., passed away Thursday, July 11, at 12:25 a.m. in Bee Dozier's Maple Hill Nursing Home at Lake Zurich, where she had been confined for the past month. She was born July 26, 1877, at Newport, Ky., then moved to Chicago 40 years ago and has lived in Fox Lake since 1938. She was preceded in death by her husband, Frank Meddowcroft. Survivors are one daughter, Mrs. Garnett M. Lowry, with whom her mother lived at Fox Lake, and two grandchildren.

Funeral services were held at 1:30 p.m. on Saturday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Interment was private.

FRED MEIER

Mr. Fred Meier, 74 years old of 321 Harding Ave., Meier's Subdivision, Lake Villa, Ill., passed away on Monday, July 15, at 9:30 p.m. in his home suddenly of a heart attack. He was born Oct. 8, 1888 in Lucerne, Switzerland. He had resided in Maywood for 34 years before moving to Lake Villa 6 years ago. He married Clara Wolgast in Chicago on Oct. 10, 1914. He held membership in the Sheet Metal Workers International Association Local Union No. 73 in Chicago. Mr. Meier had worked for O. A. Wendt & Co. in Chicago for 25 years.

Survivors are his wife, Clara; two daughters, Mrs. John (Helen) Fath, Cleveland,

Grudge Match For Grunt-'N-Groan Fans

The Wonder Bar Ballroom at Twin Lakes, Wis., will be jumping when promoter Tom Dorff presents his initial all star professional wrestling card of the season at that location on Saturday, July 20.

Promoter Dorff has burned the midnight oil to sign one of the most sought-after tag team combinations in the game, when he delivers the rough-house tag teams of the famous Zangaroos against the team of Pete Kovacs and Santiago Acosta. Kovacs is just fresh out of his native country of Yugoslavia; altho he has only been in this country a short time, he already has the reputation of being "The Yugo-Slav Spoiler."

In a recent televised match in which Pete Kovacs was wrestling one of the Zangaroos, the manager of the Zangaroos became enraged when it appeared that Kovacs was going to win the fall. He jumped to the apron of the ring and struck Kovacs several times, knocking him flat. Whereupon the Zangaroos took the advantage and the fall. Kovacs and his partner, Acosta, publicly challenged the Zangaroos to a show-down, but the Zangaroos refused to wrestle them in the State of Illinois. Tom Dorff, quick to seize an opportunity, wired the Zangaroos and offered the match right here in Twin Lakes. The rest will be history, comes the night of Saturday, July 20.

In another 2 out of 3 fall event "Golden Boy Joe Betancourt takes on Angel Rodriguez. Many fans agree, who have seen Betancourt in action, that he is the next heavyweight champion.

Promoter Tom Dorff outdoes himself on this one when he also presents a special girls match featuring Vicki Adams against the French fireball Eli DeParee. The matches start at 8:30 p.m.

Dodgers Drop One To Sox

The Little League Dodgers continued their losing ways Tuesday, July 9th, as they dropped their eighth game of the season to the Sox 13 to 5. Dennis Rockow collected a home run, a double and 2 singles to aid his own cause and take credit for the win. A spectacular one-handed stop of a hard line drive by Garry Inman was another highlight of the game.

In the action Wednesday, July 10, Jeff Sterbenz held the Tigers to 4 runs, and a 6 to 4 decision for the Cubs. It was the Tigers' first loss of the season.

Dave Camp pitched no-hit ball and allowed only one run Thursday as the Giants took a 12 to 1 decision over the cellar-riding Dodgers. Ten year old Mike Lindstrom fired in the 4th inning after holding the Giants hitless and served up a home run ball to Dave Camp. A flurry of walks was responsible for the Giant rally in the 4th and 5th innings.

In a game played Friday, July 12, the Yankees beat out the Sox 13 to 8 to retain 2nd place in the White Division.

Because of the Little League District Tournament at Libertyville, Thursday, July 18, the game scheduled between the Tigers and the Dodgers has been postponed. The Antioch Little League All Stars will meet Libertyville on their home field at 6 p.m. Thursday.

A look at the Babe Ruth schedule shows the Antioch Advertiser meeting the Fox Lake Gamblers at the High School at 2 p.m. Saturday, July 20. The next action will be Tuesday, July 23, when the Antioch Merchants will meet the Advertisers at the High School. Game time is set for 6 p.m.

Bally Muck Wins 10-7

By Bill Ferris

Friday night Emerson Buick lost their second game in a row at Golfview Park to a Bally Muck team out of Waukegan. Seven errors by Emerson opened the doors to victory for Bally Muck as 7 of their 10 runs were unearned.

Golfview's Jerry Fox Slugging Ball For .643

By Bill Ferris

As the season comes to the halfway mark, it finds the Badgers of Golfview and the boys in green from Lyons & Ryan closing in on Hensley Motors, who at present hold a one-game lead.

Monday night Pine Oaks suffered their fifth straight setback and handed Hensley Motors their sixth win. Final score was 11 to 5. Nine errors by the Lodgements made the difference as all 11 runs scored by Hensley Motors were unearned.

Elmer Prell had a very bad game for himself at shortstop in the error department, but did OK at the plate with 3 hits in 4 trips, to raise his average to a neat .466.

Rich Olsen had 2 singles along with Rich Weirs' two bagger.

Al Smith, on the hill for Pine Oaks threw a nine hitter in suffering his third defeat. As of now Smith has allowed 21 runs in 16 and 3rd innings. Fifteen of those runs are unearned.

Hensley's boys in red now, with a 6 won and 2 lost record, find the hitting department falling off fast, as they have dropped from a .302 batting percentage to .280. Joe Flaschner was the only one to get 2 hits in the nine collected, and is now hitting an even .400.

GOLFVIEW BELTS GIBBS & JENSEN

Tuesday night the Badgers of Golfview trailing 7 to 6 at the end of 5 innings, came back up with a 10 run 6th to roll over the Sportsmen of G. & J. 22 to 8. Fred Dodge who at present has his team rolling with a .306 batting percent, came up with another move which paid off in his lineup.

Carl Crifasi, who played his first league game for the Badgers, came through with two singles and a triple and batted in 3 runs to help the attack.

The big gun once again was Jerry Fox, the Badgers' first sacker, as he belted out 2 doubles and 3 singles in 6 attempts to raise his average to a fabulous .643 with 18 hits in 28 at bats.

Bob Snarski, on the hill for Golfview, gained his 4th triumph and at the plate hit for 2 singles and a home run. The other Badgers who had two hits or more were Tom Fox, Ken Kube, and Chuck Mitlevic.

Manager Pete Matteoni of the Sportsmen who took their 4th beating is still looking for a regular starting lineup.

Howie Laursen who has nailed down the right field berth came through with 3 hits and is hitting .524.

Rich Pahlke had 2 for 4

and is at an even 500 mark for six games.

Ronnie Vejvoda, who suffered the loss on the mound got his first hit of the season, a solo home run in the fifth inning.

Joel Christensen had himself two hits for the evening.

LYONS-RYAN POUND PINE OAKS

Wednesday night it was the LYONS ROAR and a show that even Barnum and Bailey couldn't have put on. Final score was Lyon Ryan 32, Pine Oaks 19.

A total of 43 hits and 25 errors was had in this marathon along with 8 home runs. One of the homers being a grand slam by Rich Weir, the Lodgements centerfielder.

Pine Oaks had their biggest run output of the season, but fell way short of victory and took their 6th straight defeat of the season.

John Gaertner was top man for the losers with 4 hits and Lyle Downs belted a homer.

For the boys in Green, it was a field day and their 4th win of the campaign. 28 hits were belted out by the following: George Hogan, a single, double and home run; Greg Bush, a single, 2 doubles and a home run; Dud Sheehan 2 doubles and 2 home runs for a total now of 4 homers to lead the league; Frank Foley, 2 singles; Rich Drazewski, a single and double; Dick Wolf a home run; Ray Partipilo, the speedster, a double and three triples; Russ Cote, a single and home run; Bob Martin 2 singles and 2 doubles, and John Hedberg and Al Chetebok with one hit each. Totals to the game: Lyons-Ryan 32 runs, 28 hits and 10 errors; Pine Oaks,

Heavy Hitting Sparks Ray's Tap To Win

Ray Traves' Tap defeated Napoli Tap last Sunday, 26 to 15.

Ray's boys were really up for this game, blasting Napoli for 18 runs the first three innings, then just coasted the rest of the way for the win.

Ray's Tap was sparked by the heavy hitting of Larry Wiedmann again. Larry had 1 homer, and 2 singles. Bob Lasco had a triple and 3 doubles in 6 trips to the plate. Ray, Jr., snapped out of the slump he was in with a perfect day at the plate, getting a triple, 2 doubles and a single. Eddie Roberts also snapped out of a hitting and fielding slump. Eddie played flawless ball at 3rd base and connected for 2 doubles.

Next Sunday, July 21, at the High School, Ray Traves' Tap will play their return game with the Wayside Inn. Ray's Tap defeated Wayside Inn in their first encounter 21 to 16. Game time will be 1 p.m.

19 runs, 15 hits and 15 errors.

Monday night it was Hensley Motors, 11 runs, 9 hits and 3 errors; Pine Oaks, 5 runs, 9 hits and 9 errors.

Tuesday night Golfview, 22 runs, 21 hits and 3 errors. Gibbs & Jensen, 8 runs, 10 hits and 9 errors.

Record Crowd Watches Radtke Win Feature

Jack Radtke ran off and hid from the boys in the Modified feature 30-lapper at Waukegan Speedway Sunday night with a win in just 9:04.90 which came within .81 seconds of shattering the track record. Bill Strom of Milwaukee and Fran Semars of West Allis were across the line second and third but trailed Radtke by one-quarter of the race track. Johnny Reimer, the present track record holder for the 30-lap distance, came over fourth ahead of Ted Rozinski and Ted Shuster of Zion. Harold Wade of Waukegan spun 360 degrees around in traffic and continued in the race.

Harold Gutche copped the 12-lap Sportsman feature race with Gino Wagner, second and Ralph Sinner, third. Across the line next were: Charlie Clark, Anzinger and Herb Damron of Lake Villa.

and Erickson finishing second and third.

In the third heat, Sullivan rammed Rozinski into the concrete in an effort to get by and Jimmy Olet spun out and lost three positions after working up toward the lead.

Waukegan Speedway had the largest crowd of the 1963 season on Sunday night altho the Saturday race was cancelled due to rain. The featured "demolition derby" has been scheduled for next Saturday night with the Ketchums vs. Hy-Way Sales team.

In homes with Flameless Electric Heat you almost have to hunt for dust

When you move into an electrically heated home you can practically forget about dirt. Electric heat is as clean as the electric light you read by.

There's no flame or fuel to make dirt, soot, or grime. And electric heat is such gentle heat it doesn't even stir up dust. In fact, in an electrically heated home you often have to look for dust.

EVERYTHING STAYS CLEAN LONGER

Your curtains and draperies stay fresh and nice for so long you'll have a time remembering when you put them up. Upholstery stays lots nicer, too. Electric heat is so clean you spend far less time housekeeping. That leaves you more time for activities you enjoy.

Living in an electrically heated home has other advantages, too, such as room-by-room heat control and fresher feeling heat that uses up none of the moisture or oxygen in the air. Even your skin feels more comfortable.

ELECTRIC HEATING NOW COSTS LESS THAN EVER

The recent rate reduction—on Electric Heating—applies to the three basic systems illustrated below. So, if you're looking for a new home... plan to build one... or want to modernize the heating in the home you own, call your nearest Public Service Company office for complete facts on the Electric Heating system that's best for you.

3 BASIC TYPES OF FLAMELESS ELECTRIC HEATING TO SOLVE EVERY HEATING PROBLEM

Radiant Electric Heating—offers room-by-room control. Ideal in homes or apartments. Just set the dial and you control the heat. Heating units circulate and radiate gentle waves of warmth throughout each room.

Central Electric Heating—new kind of furnace for new or older homes. Works with your present duct system. Circulates gentle, electrically heated air. Air conditioning may be added at any time.

Electric Heat Pump—gives you perfect year-round climate automatically. Amazing unit switches to heating or air conditioning by itself. Maintains ideal temperature and humidity with one setting.

So Clean, So Safe, So Modern.
